ASSET NAME	FEEDBACK FROM TEACHER	ANY CHANGES TO MAKE AS A RESULTS OF FEEDBACK?
Bird covered in oil – background photo	This is a good photo but might not be large enough to fit the size of the advert, you will need to check this	I searched online and found the full sized version of the photograph. I will now resize it to fit the advert.
Recycling Logo	Good, might need to make this smaller though to fit on your logo	I will make this smaller in paint.net
Image of a seal	Good, might need to make this smaller though to fit on your advert	I will make this smaller in paint.net

BEFORE	AFTER	WHAT I DID
		I opened oil bird one in paint.net and resized it so that it fits the requirements for the advertisement this therefore made the file size bigger.
		I opened recycling logo in paint.net and made it so that it would fit on my Michael logo therefore the file was made smaller.
		I opened the seal picture and decreased its size so that it fits in the bottom corner of my advertisement.
